A MESSAGE FROM THE BOARD OF DIRECTORS

Dear Donors, Partners, and Stakeholders,

In 2025, we expanded our programs and proudly added Uganda to our growing portfolio of countries served. We remained committed to our vision of spreading light and transforming lives across the communities we support. From Egypt to Burundi, Indonesia, Ghana, Mauritius, the Philippines, and Uganda, our initiatives reached more than **32,847** direct beneficiaries and **86,927** indirect beneficiaries through a total of **30** programs.

Compared to 2024, this represents a remarkable **55% increase in direct beneficiaries** and a **58% increase in indirect beneficiaries**; a significant achievement and milestone that reflects the growing impact of our mission and the collective efforts of our supporters, partners, and communities.

With your continued support and belief in our mission, we are able to reach even more individuals and families every year and implement impactful projects across the countries we serve. None of this would have been possible without your generous emotional and financial support.

Thank you for your trust, compassion, and unwavering belief in our mission.

Together, we continue to spread light, touch lives, and create a lasting impact for communities around the world.

With Gratitude,
The Light for All Canada Board of Directors

OUR MISSION

We empower communities through compassionate care, education, healthcare, and sustainable development. Guided by our **L.I.G.H.T** values, we lift lives, inspire change, grow potential, heal with compassion, and transform futures for lasting impact.

OUR VISION

A world where no one is left behind, a future shaped by inclusive and sustainable development, rooted in equity, opportunity, and compassionate care.

OUR CORE VALUES

LIFTING

We **uplift** individuals and families through essential services, education, and care.

INSPIRING

We **restore** dignity and inspire a better future in communities that have been overlooked, leaving a lasting impact.

GROWING

We **nurture** talents, education, and skills to help people break the cycle of poverty.

HEALING

We **respond** to physical suffering, providing healthcare, emotional support, and social needs with empathy and love.

TRANSFORMING

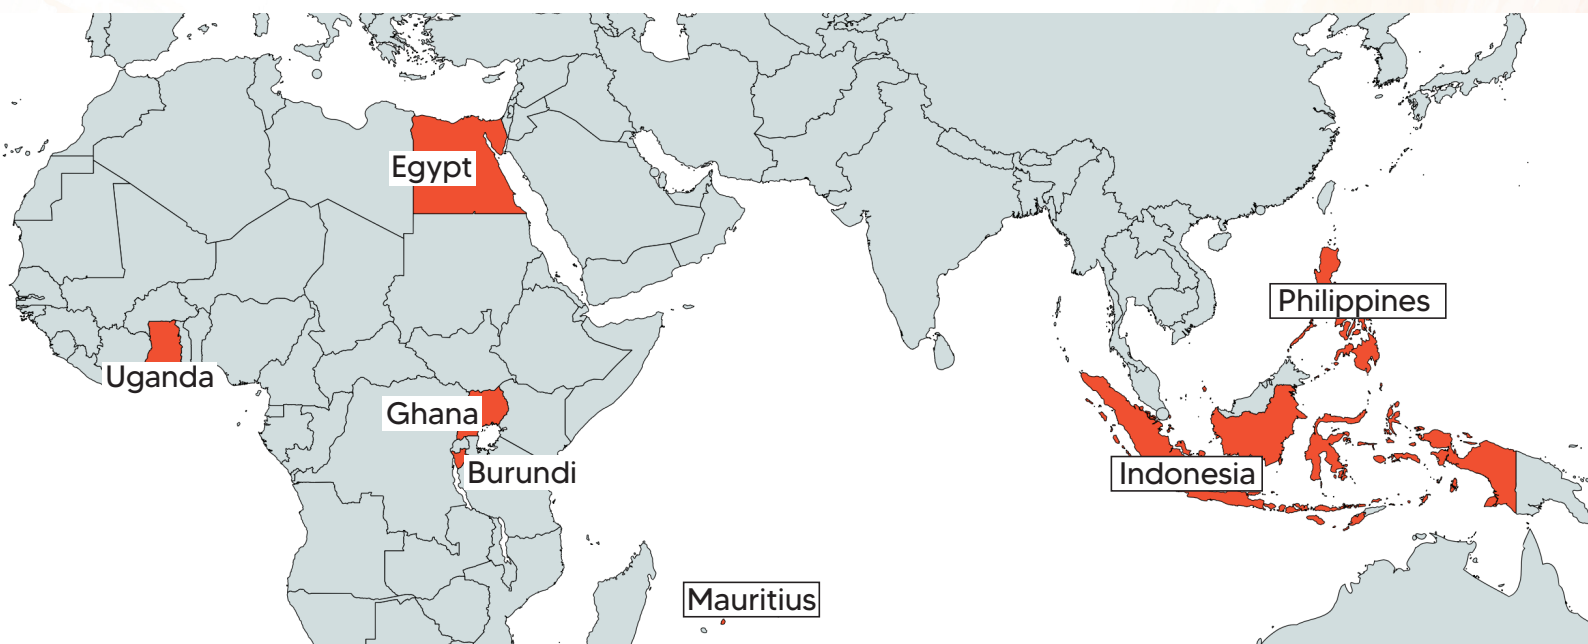

We **drive** sustainable transformation through partnerships, impactful programs and the empowerment of women and youth.

OUR SUSTAINABLE DEVELOPMENT GOALS (SDGs)

OUR IMPACT IN 2025

PROGRAM HIGHLIGHTS BY COUNTRY

EGYPT

ASWAN

**DIRECT
BENEFICIARIES**

4,800
Patients

**INDIRECT
BENEFICIARIES**

14,400
Families

ASWAN POLYCLINIC EXPANSION

The clinic currently serves approximately 400 patients monthly through internal medicine, gynecology, and pediatric services for both Egyptian and non-Egyptian patients.

OUR IMPACT

- Expanded the Aswan polyclinic to improve access to quality healthcare for underserved communities affected by chronic diseases such as diabetes, hypertension, and cardiovascular conditions.
- Implemented the “Bitter Sugar” Initiative to provide specialized diabetes care and management in Aswan and surrounding rural areas.
- Hosted international medical experts in Pain Management, Orthopedics, and Pediatric Immunological Diseases to strengthen local healthcare capacity.
- Equipped the facility with advanced diagnostic, laboratory, ophthalmology, dental, and sterilization equipment to provide integrated healthcare services under one roof.
- Enhanced local access to diagnostics, preventive care, and chronic disease management is expected to improve health outcomes and reduce the burden of travel for patients seeking specialized care.

EGYPT

Moassah El Zakah

ESTABLISHMENT OF NEONATAL INTENSIVE CARE UNIT (NICU)

The project aims to reduce infant mortality rates while easing the financial burden on vulnerable families through affordable, subsidized neonatal healthcare services. The facility is fully equipped and currently awaiting final governmental licensing approvals before becoming fully operational.

OUR IMPACT

- Addressed the urgent shortage of affordable NICU services in Egypt, particularly in low-income communities where families cannot afford private neonatal care.
- Established a specialized NICU facility in Moassah El Zakah with five neonatal beds to provide life-saving care for critically ill newborns.
- Procured and installed essential NICU equipment, including CPAP machines, Phototherapy units, Jaundice meters, Infusion pumps, and Suction units.
- Expanded diagnostic capabilities through the addition of Echocardiogram machine, ECG machine, HBA1C analyzer, and Centrifuge.

The NICU is projected to serve approximately 420 critically ill newborns annually with a targeted 85% occupancy rate.

EDUCATIONAL AND VOCATIONAL TRAINING CENTERS

The project was implemented across four Manara training centers located in Assiut, Aswan, Beni Suef, and Qalyoubia governorates. The initiative focused on three main pillars:

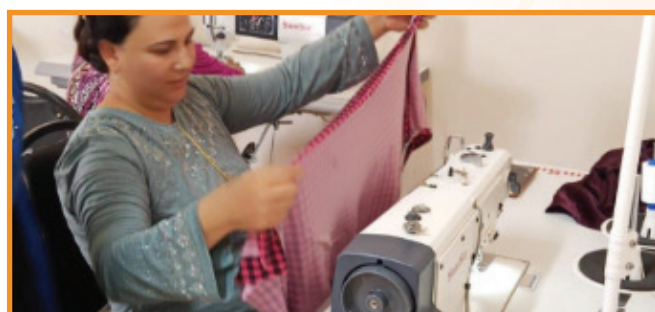

1. Promoting skill development and education among vulnerable groups across different age categories.
2. Expanding economic opportunities for poor and marginalized communities and improving socio-economic conditions.
3. Increasing access to social services for marginalized populations.

OUR IMPACT

- Established training centers to provide vocational training opportunities that empower women and youth through practical skills development, while also offering literacy and writing programs for children.
- Fully furnished and equipped all training classrooms to support beneficiary learning and skill development.

- The vocational training component targeted women and youth between the ages of 18–50 years through sewing and mobile maintenance workshops aimed at improving employability and supporting income generation opportunities. The results were:
 - **103 beneficiaries successfully graduated from sewing workshops conducted across 14 training workshops.**
 - **30 beneficiaries completed mobile maintenance training programs implemented in Beni Suef and Aswan.**
- Conducted reading and writing programs through the “Future Heroes” initiative for children between the ages of 6 and 12 to support literacy development and strengthen foundation all learning skills. A total of 714 children enrolled in the program across 72 classes.

10 REDUCED
INEQUALITIES

OUR IMPACT

- Equipped sensory integration and psychomotor therapy rooms with specialized foam flooring to create safe and supportive learning environments for children.
- Completed the establishment of observation and individual therapy rooms through aluminum partition installations to enhance service delivery and privacy.
- Installed whiteboards and felt boards across all classrooms and therapy rooms to support interactive learning and therapeutic activities.
- Procured specialized educational and therapeutic materials to support children's cognitive, linguistic, motor, self-help, and interactive skill development.
- Strengthened staff capacity through specialized training in Sensory Integration Therapy, Montessori methodologies, and child skills development approaches.
- Provided advanced speech and language training for staff to enhance their ability to support children's verbal communication and language development needs.

BRIGHTER FUTURE YOUTH EMPOWERMENT PROGRAM

The Brighter Future Program proudly marked its 13th year of operation in 2025, continuing its mission to empower youth through vocational education and skills development. Since its launch, the project has supported more than 200 graduates, many of whom are now employed in Egypt and abroad or pursuing higher education opportunities in prestigious Egyptian and Italian institutions.

OUR IMPACT

- The project achieved strong academic and employment outcomes, with all graduates securing job opportunities in leading Egyptian companies, positively impacting the financial stability of their families and communities.
- A total of 137 youth from low-income rural families in Upper Egypt directly benefited from the program, while more than 600 individuals were indirectly impacted through improved education, employability, and household income.

EMERGENCY RELIEF AND HEALTHCARE SUPPORT

OUR IMPACT

- Provided immediate nutritional support to Sudanese, Eritrean, and Ethiopian refugee children in Egypt to improve their health and nutritional status and reduce the risk of malnutrition and anemia during the summer period.

8 DECENT WORK AND
ECONOMIC GROWTH

OUR IMPACT

A. Lycée Technique Sainte Marie – Ruyigi

- Conducted self-esteem and personal development workshops across 7 schools, reaching over 1,000 students, promoting confidence, self-worth, and emotional resilience.
- Expanded the reinforcement classes program, providing additional academic support and learning opportunities to help students improve their educational performance and engagement.
- Contributed to strengthening the psychological well-being of youth, children, and students by fostering a more supportive, resilient, and empowered community environment.

B. AEOCB Education Center – Bujumbura

The AEOCB education center in Bujumbura continues to serve as a hub for academic support, community empowerment, and youth development. In 2025, AEOCB further expanded its impact through the launch of three new initiatives designed to address critical community needs and strengthen long-term resilience:

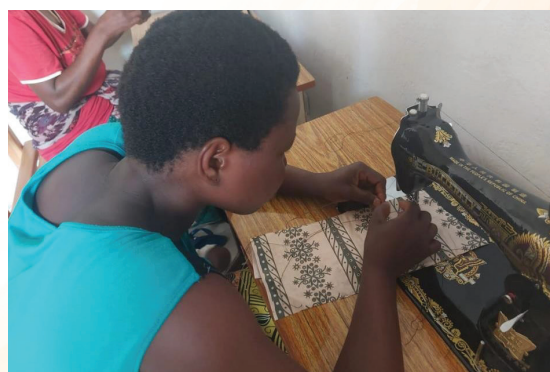

Feeding Program

- Providing daily nutritious meals to vulnerable students to support their health, well-being, and ability to learn effectively.

Women's Micro-Project Initiative

- Empowered women economically through small income-generating initiatives aimed at promoting financial independence and sustainable livelihoods. Provided practical vocational training in tailoring and sewing, including how to use sewing machines, cut fabric accurately, create women's clothing patterns, and take body measurements professionally.

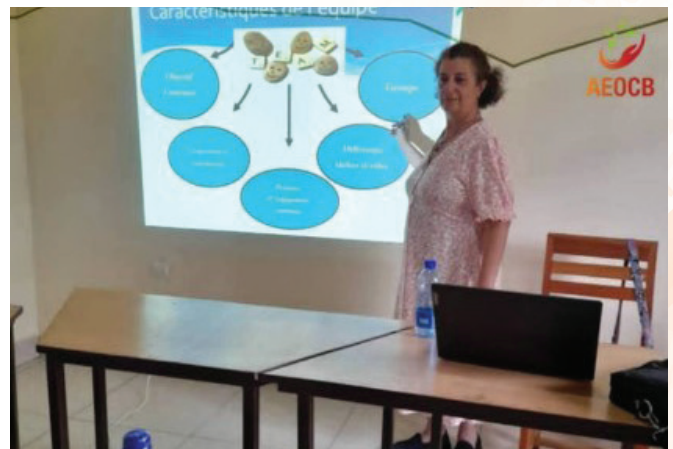

B. AEOCB Education Center – Bujumbura

School Fee Support Program

- Assisting vulnerable children and families who are unable to afford tuition fees, ensuring continued access to education and reducing the risk of school dropout.

GHANA

Villages | North Tongu

**DIRECT
BENEFICIARIES**

6,800

**INDIRECT
BENEFICIARIES**

7,200

OUR IMPACT

1. Education And Food Support

- Targeted 5,000 children and 900 families across underserved communities in three regions of Ghana. The project reached vulnerable populations in the districts of Achimota, Hobor, and Dansoman, as well as neighboring communities across the Central and Volta Regions, including Kasoa, North Tongu, Agbogba, Dawa, and Abeka.
- Through this initiative, children and families received essential educational and nutritional support aimed at improving access to learning opportunities, enhancing food security, and strengthening the overall well-being of underserved communities.

2. ICT Training Center

The ICT Training Center Program aims to equip and support ICT laboratories in PLF-managed elementary schools across three locations in Ghana:

- Saint Mary School – Adidakpavu, North Tongu, Bator District, Volta Region
- Saint Mary School – Dansoman, beside Agigi Bus Stop, Accra
- Saint Mary School – Kasoa, New Market, Central Region

The program provided students and community members with access to essential digital learning resources and technology training opportunities. Annually, the initiative directly trains approximately **150 beneficiaries** in basic digital literacy skills, while indirectly impacting more than **600 family members** and community beneficiaries.

3. St. Mary Coptic School

The St. Mary Coptic School Project provides access to quality and inclusive education programs for children addressing the challenges of inadequate school infrastructure, overcrowded classes, lack of trained teachers, and insufficient educational resources, particularly for children with disabilities and adolescent girls.

Across three operations in Accra, Central Region, and the rural Volta Region, **800 children** were enrolled, contributing to stronger academic performance and improved learning outcomes. Additionally, more than **400 Ghanaian family members** benefitted from the program's extended support.

4. Adult Education Programs

The Adult Education Project addresses adult illiteracy in underserved rural and suburban communities in Ghana by providing foundational literacy and numeracy education as a pathway to vocational training and improved livelihood opportunities.

A total of **450 adults** across Greater Accra, Central, and Eastern Regions participated in literacy and foundational skills programs, indirectly benefiting over **2,000 household members** and strengthening community resilience.

5. Sewing And Tailoring Training for Women

The Sewing and Tailoring Women Course empowers low-income and illiterate women in Ghana through vocational training in sewing and tailoring. The program equips participants with practical skills to generate sustainable income, improve financial independence, and enhance their livelihoods.

This economic-empowerment program supported **400 women** in Greater Accra and the Eastern Region, indirectly benefiting **1,500 household members** by enhancing income-generation opportunities and financial stability.

OUR IMPACT

1. Educational and Cultural Empowerment Centers (Six Centers)

These educational and cultural centers operate across six different cities with the aim of empowering underserved communities through enhanced English language education, computer literacy, and academic support programs.

DIRECT BENEFICIARIES

700

Key Deliverables

- Provided English and Arabic language courses.
- Delivered after-school educational programs for children living in areas surrounding the centers.
- Offered computer diploma courses to equip participants with essential digital and technical skills required in today's job market.
- Conducted Human Resources (HR) training courses to help participants prepare professional CVs, improve interview readiness, and strengthen their job application skills.

- Provided scholarships for children and youth who are unable to afford school tuition, supporting students from preparatory school through university education.
- Established an educational library at the Surabaya Coptic Center to provide students with access to books, educational references, and learning resources.

2. Hidup Baik Program – Mengalahkan Kelaparan (Defeat the Hunger)

Provided monthly basic food assistance kits to malnourished and highly vulnerable families living in one of the poorest areas of the capital, helping to improve food security and support families facing severe economic hardship.

**DIRECT
BENEFICIARIES**
55-60
FAMILIES/YEAR

3. Light for All Orphanage Program – Medan

Focused on providing comprehensive care, quality education, and after-school learning programs for orphaned children aged 6–18. The orphanage aims to strengthen academic performance while supporting children's overall development, emotional well-being, and future independence. The facility serves both boys and girls through separate residential buildings supported by dedicated professional caregivers and staff.

OUR IMPACT

1. Good, Better and Best

The Good, Better, Best Program serves **50 teenagers** between the ages of 13 and 19. The program focuses on youth development, life skills, mentorship, and educational support. Plans are currently underway to introduce Information Technology (IT) classes to further enhance participants' technical and career readiness skills.

2. Little Stars

The Little Stars Program serves **100 children** between the ages of 4 and 12, focusing on educational enrichment, personal development, and social engagement in a safe and supportive environment. The program is conducted twice weekly, delivering 8 sessions on a monthly basis.

3. CoptiMa Cultural Center

Established a comprehensive Community Culture Center in Quatre Bornes, offering counseling sessions, arts programs, monthly seminars, and book clubs. The project directly supports **50 adults** between the ages of 20 and 45 and extends its outreach to approximately **300 families** across the island through educational and community engagement sessions.

OUR IMPACT

1. CHILD YOUR FUTURE

Child Your Future (Bata, Kinabukasan Mo) is a child-focused initiative dedicated to protecting and empowering vulnerable children by providing education, emotional support, healthy meals, and a safe environment where they can learn, grow, and build a brighter future. The program supported more than **700 children** from underserved communities, including orphans, homeless children, survivors of abuse or neglect, and children struggling with poverty, food insecurity, or academic challenges.

The initiative provided academic support in reading, writing, and mathematics, along with counseling services, life skills training, and nutritious meals to support children's physical, emotional, and intellectual development.

2. WOMEN EMPOWERMENT PROGRAM

The Empowering Women Program focuses on supporting low-income women, single mothers, women with limited education, and survivors of domestic violence or natural disasters through vocational training, education, and small business development initiatives.

The program equipped women with marketable skills, strengthened financial literacy, created sustainable income opportunities, reduced poverty, and promoted gender equality through increased economic participation and financial independence.

Through this initiative, **800 women** received vocational training, **300 women** are expected to gain employment or start their own businesses, and **100 small businesses** will be launched to support long-term community empowerment and economic resilience.

3. FAMILY EMPOWERMENT – SHINE THE WAY

DIRECT BENEFICIARIES

“Shine the Way: Practical Mindfulness for Today’s Parents” was designed to equip about **25 parents** with practical parenting tools and greater understanding to help raise socially responsible and community-oriented children.

A key outcome of the initiative was the increased enrollment of children in the Sunday Tutorial sessions hosted at the LFA Center, reflecting stronger family involvement in education and a growing commitment to youth development and community support.

23 YOUTH

25 MOTHERS

4. YOUTH AND MOTHERS' EMPOWERMENT

Organized several initiatives including the following:

a. Leadership for Youth and Mothers' seminar

- Organized leadership and service training for youth and mothers.
- Promoted intergenerational collaboration, faith-driven service, and community resilience.
- Benefited 45 youth and mothers through leadership development activities.

b. Anti-Bullying and Mental Health Awareness Programs

- Conducted awareness campaigns at schools and youth homes to promote empathy, kindness, resilience, and mental well-being.
- Engaged over 200 Grade 8 students at Krus Na Ligas High School.
- Reached youth at Molave Youth Home through discussions, role-playing, and interactive engagement activities.

c. Outreach Programs at Molave Youth Home and RAC

- Delivered recreational, educational, spiritual, and psychosocial support activities for children in conflict with the law, abandoned children, and elderly residents.
- Organized art sessions, storytelling, mentorship, and family year-end events.
- Provided direct engagement and support for vulnerable youth and elderly residents.

5. HEALTH FOR ALL

This project provided free medical check-ups, consultations, and health education to underserved families who cannot afford healthcare services. Through mobile clinics and outreach medical teams, the initiative delivered essential healthcare support to poor and remote communities, aiming to prevent disease, provide timely treatment, and promote healthier lifestyles through hygiene and nutrition awareness.

A total of **7,000 individuals** benefited from free medical check-ups and consultations, while **3,000 children** received nutrition and hygiene education. In addition, **1,500 elderly** and chronically ill individuals received continuous medical support, and **1,000 families** were provided with free health kits containing essential hygiene and wellness supplies.

OUR IMPACT

1. Vocational Training Programs

a. Sewing and Tailoring

Provided sewing and tailoring courses that equip participants with practical skills to support self-employment opportunities and small business development.

1. Vocational Training Programs

b. Digital Literacy

Delivered training in Microsoft Office and essential digital skills to enhance digital proficiency required for today's workforce.

c. English Language Skills

Offered English language courses to strengthen communication abilities and improve professional literacy and career readiness.

2. Soft Skills Development

Provided structured training programs focused on teamwork, leadership, communication, and time management to build participants' confidence, adaptability, and professional readiness. Organized interactive workshops, group activities, and practical exercises designed to enhance interpersonal and problem-solving skills that are essential for workplace success.

3. Job Placement Support and Strategic Partnerships

Establish partnerships with local businesses, organizations, and NGOs to facilitate internships, mentorship opportunities, and job placements for program graduates.

Conduct career guidance sessions to support youth in resume writing, job applications, interview preparation, and career planning.
